In view of above ASC-TCS Youth Employability Training Programme (YEP) and Career Guidance and Counseling Cell conducted various programmes like Group Discussions, Mock Interviews, and Aptitude test etc to encourage students and to develop their skills. So in context of achieving this goal we organized the "YEP" for the final year students, in which we kept various sessions to groom student's skills and personality. We had the session from quite well known personalities of TCS to interact with our students (Zoom meetings).

Thanks to the encouragement given by the Management, Principal, Head of Departments and the co-operation rendered by the enthusiastic colleagues both Teaching and Non-Teaching of our college.

Respected Principal Dr. Sanjay Korekar Sir,

Greetings from TATA Consultancy Services.!

It was a pleasure connecting with you via call last Saturday through your college alumnii who is also a TCS associate "Mr. Dushasan Dupargude" and we appreciate the kind interest shown by you in TCS – YEP (Youth Employability Program) for non-engineering graduates (erstwhile TCS BPS AA Employability Training) of your college.

Please find below the YEP Programme Details :

The program aims to challenge the Youth unemployment by building the basic employability skill for the Socially marginalized (as the Affirmative Action Communities (Scheduled Caste and Scheduled Tribe)) & Economically weaker segment community literate graduates.

It is done through a continuous Learning engagement structure of **Virtual Instructor Led Training** and **self learning interventions** spread over 100 Hours. (Daily sessions of about 2 hours on digital platform)

The Program is Free of Cost for the deserving eligible candidate (the Trainees).

The **100 hours training** course content curriculum is designed with focus on Mathematic, Analytics, General etiquette, English & Computers often the Model is known by its acronym : MAGEC.

In the training, a **Trainee will experiences learning** of Soft skill (general etiquettes) and hard skill (English Mathematics Analytic, Computer), through interventions as Knowledge sharing of concept to practical work usage & practices, applying techniques and approach to written assessment in timelines, fostering **preparedness on aptitude skill evaluation**. Further to it, Role plays and mock simulation for readiness all forms of Assessment centers, that is **interview readiness** and lastly **familiarity of digital platform**.

Who can become the Trainee of program :

- Any non engineering graduates (degree Courses) as BA, B.Com, B.Sc, BCA so on and so forth (10+2+3).
- The candidates should be 2020 or 2019 passed outs fresh graduates.
- The Education has to be on regular basis not correspondence.
- No gap in education of more than 2 year.

Technical Requirement :

- Trainee need to have Internet accessibility (relative good connection)
- Device : Desktop / Laptop / Tablet / Smartphone

Further to above we also encourage women employability, in context we are also driving exclusive training batch for women candidates of Socio- economic back ground (Weak Economic Backward i.e. family gross income per annum is not exceeding Rs. 5 Lacs).

On successful completion of the training, the trainee will receive a digital **certificate of participation and completion from TCS** which will stand as a testimony and accreditation of their employability prospects in the corporate world.

In addition, the trainee shall be guided and encouraged to also apply in job market as per suitable vacancies available for freshers across the industries including TATA Group companies simultaneously, only to propel them into employment at earliest. It is also worthy to note the trainees will also be given an opportunity to participate in TCS Recruitment for fresher by going through the standard process along with the general fresher applicants, as and when the same gets scheduled, but subject to suitability of vacancy for fresher.

Kindly feel free to revert on mail or call me up for any queries in regard to above.

We **look forward to collaborate** with your team and work towards our common cause of empowering the youth from the financially weak families, affirmative Action communities, enabling self reliance.

Thanks & Regards,

Harshit Trivedi.
