Report –

Poster and Slogan competition on women's issues female foeticides

Violence against women is found everywhere whether it is rural or urban society. We find that the number of cases of violence against women is increasing day-by-day. Today, women feel insecure whether they are in home or anywhere. There are so many other evils present in the society in addition to violence against women as female foeticide, child marriage, gender inequality, dowry, etc that make the society weak.

Women's cell works for making the society aware of violence against women and other social evils. Women's cell, organized a **poster making competition** in a girls students to aware girls of **gender inequality and female foeticide**. The girls made beautiful posters on the issues conveying meaningful and concrete message to all of us. The girl who made best poster was awarded to motivate all of them. All the girls took oath to prevent the social evils.
